Is 31 years old. His professional career began as a Civil Engineer. After 5 years in that field he broke into the Real Estate Industry and now owns both a RE and Mortgage Company. He and his wife have built businesses in that industry that move over \$100,000,000 in sales annually. When first introduced to Network Marketing he was skeptical and understood it to be "small business." His outlook regarding Network Marketing changed after meetings the leaders of this company and seeing the amount of sales that could be generated along with studying the Nutrition and Beverage Industries.
